

# ADVANTAGES Neo eTest

## for English Language Proficiency Placement

### Do you need an English proficiency placement?

ADVANTAGES will provide you with a link so that you can take the adaptive eTest right from the ADLS platform, and quickly give you a reliable assessment of fluency. eTest results are aligned with the Common European Framework of Reference for Languages (CEFR) levels and other commercial tests such as TOEFL, IELTS, and Cambridge at an inexpensive cost.

The eTest measures proficiency in speaking, listening, reading and grammar. You will have a maximum of 20 minutes to take the online test. The ADVANTAGES Neo eTest is adaptive. Question types and the number of questions will adjust according to your performance.

All you need to take the eTest English Language Proficiency Placement is a device with good internet connection. There is nothing to download or print.

Please contact your program administrator or ADVANTAGES-DLS office to learn more.

### Do you want to increase your English proficiency?

The ADVANTAGES Neo eTest consists of multiple-choice questions, listening questions, and the ability to retake the test up to three times. Once you are satisfied with your eTest, or the test is complete, simply click the "Submit" button.

Your eTest score will be automatically calculated and is available to view on the CEFR scale directly to your local device. You will also be able to see how your score calculates to IELTS, TOEIC, and TOEFL exams. Once you close your test window, an email will be sent to you with your placement test results. Our school administrator will also be notified and will reach out to you to discuss next steps.
